**PERRINE MEDICAL MONITORING PROGRAM (THE "PROGRAM")
CLAIMANT FREQUENTLY ASKED QUESTIONS AND ANSWERS**

Q1. WHICH MEDICAL SERVICES ARE COVERED BY THE PROGRAM AND WHICH SERVICES ARE NOT COVERED?

A. The Program is only designed to provide medical monitoring and not medical care. Program services are described in the Schedule of Benefits. All additional services will not be paid by the Program and must be paid for by the Claimant. You should discuss the proposed services with your provider to be informed of any non-covered service that will be your responsibility.

Q2. HOW DO I KNOW IF I AM A CLAIMANT IN THE PERRINE MEDICAL MONITORING PROGRAM?

A. You are a Claimant in the Perrine Medical Monitoring Program if you checked "Yes" for medical monitoring when you completed your Medical Monitoring Registration form between March 1 and August 31, 2011, and your form was approved by the Claims Administrator. To check your status, call the Perrine DuPont Claims Office at (304) 622-7443, or use our toll free number at 1-800-345-0837. If your Medical Monitoring Registration form was approved by the Claims Administrator (meaning that you provided sufficient verification that you lived in Zone 1 for one year, in Zone 2 for three years, or Zone 3 for five years since 1966), you became a Claimant. You were then mailed a Perrine Medical Monitoring Program card.

Q3. CAN I ELECT NOT TO BE TESTED?

- A. **YES.** If you checked the “Yes” box when you became a Program Claimant, you may still choose whether or not you want to be tested. If you are a registered Program Claimant, you will receive correspondence and phone calls to set up a Medical Monitoring appointment. If you decide not to be tested during one of the testing periods, you are eligible for testing during subsequent periods.

Q4. WHAT IS INCLUDED IN THE PROGRAM?

- A. The Program has the following components:

1. **Testing.** If you are younger than age 15, you will receive a blood test.

If you are age 15 to 35, you will receive blood and urine tests. A stool sample card will be given to Claimants age 18 to 35.

If you are over 35 years of age, you will receive blood and urine tests, a stool sample card will be provided, and you may receive a CT scan if a Program approved medical provider finds that it is medically necessary. You will not receive a CT scan if you are pregnant.

2. **Physician’s Visit.** After your test results are complete, you will visit with a Program approved physician who will provide your results and perform a general check up. If you are over 35 years of age and you are not pregnant, the Program approved physician will assess whether or not you should have a CT scan. If you -require a CT scan, you will be directed to an approved Program CT scan facility.
3. **Specialist Visit.** You may also be eligible for a visit with one of the following specialists based on the recommendation of a Program medical provider: anesthesiologist, dermatologist, gastroenterologist, nephrologist, psychologist, pulmonary disease specialist, radiologist, cardio-thoracic specialist, urologist, or toxicologist.

Q5. WHAT ARE THE DOCTORS LOOKING FOR?

- A. The doctors are looking for a positive finding of disease, possibly associated with exposure to zinc, cadmium, arsenic or lead.

Q6. WHAT IF THE DOCTOR FINDS I HAVE A DISEASE?

- A. The doctor may treat you or refer you to a medical specialist for treatment. The treatment **IS NOT** covered by the Program.

Q7. WILL THE PROGRAM COVER MY FOLLOW UP DOCTOR'S APPOINTMENTS AND CARE IF I AM SICK?

- A. **NO.** The Program only provides for medical monitoring (which is specified testing only) and property remediation (clean-up). Specifically, THE PROGRAM ONLY PROVIDES FOR BLOOD TESTING FOR LEAD, CADMIUM AND ARSENIC. IT ALSO PROVIDES FOR A VISIT TO A SPECIALIST FOR LIMITED FOLLOW UP TESTING. **THE PROGRAM DOES NOT PROVIDE FOR TREATMENT OR ANY OTHER TESTING, EVEN IF THE TREATMENT OR TESTING IS RELATED TO THE TESTING THAT THE MEDICAL MONITORING PROGRAM COVERS OR THE PHYSICIAN RECOMMENDED. THE SERVICES THE MEDICAL MONITORING PROGRAM WILL REIMBURSE ARE LISTED IN THE SCHEDULE OF BENEFITS. FEES FOR ANY AND ALL SERVICES PROVIDED BY A PHYSICIAN THAT ARE NOT COVERED BY THE MEDICAL MONITORING PROGRAM WILL BE YOUR RESPONSIBILITY. PLEASE CHECK WITH YOUR PHYSICIAN TO CLARIFY WHICH SERVICES ARE COVERED BY THE MEDICAL MONITORING PROGRAM.**

Q8. HOW LONG AM I ELIGIBLE TO RECEIVE THESE TESTS UNDER THE PROGRAM?

- A. You are eligible to receive these tests for 30 years.

Q9. HOW OFTEN WILL THE TESTING BE OFFERED?

- A. Once every two years.

Q10. WILL I RECEIVE A REMINDER WHEN I AM TO BE TESTED?

- A. Yes. You will receive a reminder letter from the Program every two years and you will receive a call from CTIA, the Program Administrator, to schedule your Medical Monitoring appointment. CTIA is the third party administrator of the Program and will assist you in scheduling your appointment. There is no need to contact any clinic.

Q11. IF I DON'T GO TO MY APPOINTMENT FOR A FEW YEARS, WILL I LOSE MY RIGHT TO PARTICIPATE IN THE PROGRAM?

A. **NO.** Your right to participate in medical monitoring will last for 30 years. If you choose not to be tested during some of the testing periods, you are eligible for testing during subsequent periods.

Q12. CAN I GO TO MY OWN DOCTOR?

A. Only if your doctor is one of the approved Medical Monitoring providers. Otherwise, **NO.**

Q13. I LIVE WITHIN 50 MILES OF SPELTER, WEST VIRGINIA ("IN-AREA"). WHO ARE THE PHYSICIANS WHO ARE PROVIDING THE MEDICAL MONITORING SERVICES?

A. United Physician Services, MedExpress, Bridgeport Express Care and Monongahela Valley Association of Health Centers, Inc. ("MVA"), are our four approved Program providers if you live within fifty miles of Spelter, West Virginia.

United Physician Services has one location in Shinnston, called Shinnston Healthcare, and one location in Bridgeport, known as Bridgeport Physicians Care. MedExpress and Bridgeport Express Care both operate in Bridgeport. MVA has facilities in Shinnston and in Fairmont.

A. CTIA will assist you with locating an out-of-area provider for services covered by the Program. **Please note that you are not prevented from using the Program providers who are within the 50 mile area if you choose to do so.** The Program is providing out-of-area providers merely for your convenience. **For assistance with Out-of-Area Medical Monitoring Providers, please contact CTIA at 1-866-265-6139. Out-of-area Claimants need to schedule appointments themselves, after they receive written authorization from CTIA following successful registration.**

Q15. WHO MAKES MY INITIAL APPOINTMENT?

- A. You will be contacted by CTIA, the Program's Administrator. CTIA will provide you with a choice of times and locations, for your convenience, to set up your appointment.

If you would like to contact CTIA to schedule your appointment immediately, please call **1-866-265-6139**.

Q16. WHAT FORMS WILL I FILL OUT DURING MY FIRST MEDICAL MONITORING VISIT?

- A. On your first Medical Monitoring visit, you will be asked to complete two forms:
1. **REQUIRED Medicare form:** This form will be provided by your medical provider and must be completed and signed by you at your first Medical Monitoring visit. If you have previously completed the Medicare form during the first round of testing, you do not need to complete the Medicare form again. We may be required to report to Medicare those individuals who are Medicare eligible; therefore, you must complete a Medicare Questionnaire.
 2. **Optional Claimant-Patient Data Sharing Consent form:** This is an **optional** form. **This form allows the Perrine Medical Monitoring Program to maintain your health information for research.** None of your personal information will be used. Only your medical history may be used for possible scientific and health research, and only after your individual identification information has been removed. Third parties outside of the Program may have access to your medical history and health information for **research purposes only**. If you have any additional questions regarding how your medical history data will be maintained, please feel free to contact the Perrine Settlement Administration Office, toll free, at 1-800-345-0837.

Q17. DO I HAVE TO BRING ANYTHING TO THE DOCTOR WITH ME?

- A. **YES. You must bring (i) your Program Card; and (ii) photo identification.**

Q18. WHO DO I CALL IF I'VE LOST MY PROGRAM CARD?

- A. If you have misplaced your Program card, please call CTIA at **1-866-265-6139**. A new one will be promptly mailed to you.

Q19. IS MY MEDICAL INFORMATION PROTECTED?

Q20. DO I HAVE TO PAY ANYTHING TO PARTICIPATE IN THE PROGRAM?

- A. **NO.** Yet, if you agree to receive services from your physician that are not covered by the Medical Monitoring Program, you may receive a bill, and the fees may be billed to your insurance carrier. **Please make sure that you discuss the services covered by the Medical Monitoring Program with your physician. Any fees that are not covered by the Program WILL BE YOUR FINANCIAL RESPONSIBILITY.**

Q21. WILL MY MEDICAL INSURANCE BE USED BY THE PROGRAM?

- A. **NO,** not for services described in the Schedule of Benefits. Yet, if you agree to receive services from your physician that are not covered by the Medical Monitoring Program, you may receive a bill and the fees may be billed to your insurance carrier. **Please make sure that you discuss the services covered by the Medical Monitoring Program with your physician. Any fees that are not covered by the Program WILL BE YOUR FINANCIAL RESPONSIBILITY.**

Q22. WHAT DO I DO IF I RECEIVE A BILL FOR SCREENINGS AND TESTS APPROVED BY THE PROGRAM?

- A. You should not receive a bill for screenings and tests approved by the Program. In the unlikely event you do, please contact CTIA at 1-866-265-6139.

Q23. WHO IS PAYING FOR THE PROGRAM?

- A. DuPont is paying for the Program as part of a Settlement in the matter of Perrine, et al., v. E. I. DuPont DeNemours and Company, Inc.

Q24. I RECEIVE MEDICARE, MEDICAID, OR SOCIAL SECURITY BENEFITS. WILL MY PARTICIPATION IN THE MEDICAL MONITORING PROGRAM JEOPARDIZE MY BENEFITS?

- A. Medical Monitoring should not affect your benefits, such as Medicaid or Social Security Benefits, because you are not receiving any cash or assets that would increase your income to the point that you no longer qualify for need-based

benefits. Medical Monitoring should not affect Medicare benefits, but because we are reporting to Medicare, we cannot promise what Medicare will or will not do.

Q25. IS MY INFORMATION CONFIDENTIAL?

- A. **YES.** All of your health information is considered protected health information (“PHI”) and is protected by the Health Insurance Portability and Accountability Act (“HIPAA”), as well as by numerous other State and Federal laws and regulations. All of your health information is **CONFIDENTIAL**.

Q26. DOES DUPONT HAVE ACCESS TO MY PRIVATE MEDICAL INFORMATION?

- A. **NO.** All of your health information is **CONFIDENTIAL** and is to be used by your provider and other third parties only for the provision of health services for your benefit. DuPont is not involved in any of the decisions regarding your medical testing and the medical opinions rendered during the administration of the Program. Please note, as indicated in the answer to Q16, if you elect to allow your health information to be maintained for possible future research initiatives, that health information may be shared and utilized by third parties outside of the Program. The information shared and utilized by third parties outside of the Program for research purposes only **will not** have your personal identifying information, such as name or social security number.
